

PRECIOUS OKPOR

DEVOPS ENGINEER

+2347015177156 | preciousokpor@proton.me | Nigeria | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

DevOps Engineer with 3+ years of experience driving cloud infrastructure reliability, CI/CD modernisation, and production system resilience. Skilled in leading DevOps teams, mentoring engineers, and collaborating with cross-functional stakeholders to deliver scalable, secure, and cost-efficient solutions. Proven expertise in Infrastructure as Code, containerization, and observability, with a strong track record of reducing deployment times, optimising cloud costs, and maintaining high-availability systems.

TECHNICAL SKILLS

- | | |
|--|---|
| • Cloud: AWS | • Infrastructure as Code: Terraform, Ansible |
| • Container Orchestration: Docker, Kubernetes | • Observability: Grafana, Prometheus, Loki |
| • CI/CD & GitOps: GitHub Actions, ArgoCD, Jenkins | • Databases: PostgreSQL, Oracle, MariaDB, Microsoft SQL Server, MongoDB, Redis |
| | • Operating Systems: Linux |
-

WORK EXPERIENCE

Vascon Solutions

December 2023 – Present

Lead, DevOps and Cloud Engineer – Lagos, Nigeria (Remote)

- Spearheaded **containerization of 5 monolithic applications**, accelerating release velocity and reducing deployment complexity
- Achieved **30% AWS cost reduction** through resource optimisation and infrastructure cleanup
- Built a full **observability stack (Grafana, Prometheus, Loki)** and streamlined CI/CD pipelines, cutting **MTTR** and improving system resilience

Associate, DevOps and Cloud Engineer – Lagos, Nigeria (Remote)

- Designed and implemented **CI/CD** pipelines, reducing deployment time and manual effort
- Containerised applications with **Docker**, improving portability and scalability in cloud environments
- Partnered with development teams to **enhance system reliability and performance**

NYSC, DevOps Engineer – Abuja, Nigeria

- Developed automated infrastructure provisioning scripts with **Terraform and Jenkins**, building foundational DevOps automation skills
 - Contributed to containerization efforts in collaboration with software engineering teams
 - Supported application **monitoring, troubleshooting, and security improvements** under senior engineer mentorship
-

EDUCATION

B.Sc. in Computer Science | Babcock University, Ogun State, Nigeria

2019 – 2023

CERTIFICATIONS

- **AWS Certified Solutions Architect Associate** - Amazon Web Services (In Progress)
 - **Kubernetes and Cloud Native Associate** - The Linux Foundation
 - **Site Reliability Engineering** - Google Cloud
-
